It's here again...Fall weather and time to close down your pond. Let the K & A crew do it the right way, we have a 99% fish survival rate with all our pond closing customers. Being offered again this year, if we blow out and cap your line and your line has ice damage, you get full replacement **FREE!** What other pond company can say that and back it up? Replacement could cost you \$500.00, waived with a \$20.00 charge for blowing out your line. Listed below are options, for newcomers, please call if you have questions. We are always here, walk into retail any day and get expert advice. Allen will be in all weekends until the snow flies and the K & A crew is here all week for any of your pond closing questions. We will begin closing ponds- **September 15th** and finish on **December 1st, 2012.** Most customers with fish/plants get closed in November.

NAME _____ PHONE (Day) _____

ADDRESS _____ PHONE (Night) _____
